## Annual Quiz 2022 Review

*The excitement was palpable as the East Midlands region held their first in-person, unmasked (voluntarily of course) event since you know what. Perhaps it helped that this was a quiz rather than a conventional technical meeting. Possibly the fact that food and drink were available (thanks to our sponsor HSP Consulting Ltd) may have contributed. Nevertheless, the sight of around 60 of the region's CIHT family interacting after such a long period was extremely satisfying.*

*As for the quiz itself, after nine gruelling rounds of intellectual challenge – including real toughies like ‘who is the CIHT president?’ – the result was very close, just a couple of points in it in fact. The victorious team was DSA Environment & Design (again), just pipping many-time winners Lincolnshire County Council. But although a cliché, the real winners were all who turned up, really enjoyed themselves and were reminded of the joys of non-virtual life.*

by Nick Thom, Quiz Master & Committee Member

## Annual General Meeting

26<sup>th</sup> May 2022

You are invited to attend our AGM this year at University of Nottingham. The event will include a technical talk titled: “An evaluation of cycling infrastructure in Nottingham” by Sam Barton.

For the agenda and to book please visit the website or email us.

## 2022 Events

We have numerous technical and social events programme through out the year. This is a snapshot of some of the events being organised.

### Creating Sustainable Developments Through Integrating Planning & Transport

17 May 2022, Britannia Walk, London

### A Network Wide Approach to Road Safety

18 May 2022, Britannia Walk, London

### CIHT East Midlands AGM 2022

26 May 2022, University of Nottingham

### Mentor & Mentee Summer Social

TBC, East Midlands, In person

Please continue to check the CIHT website and on our regional web page for details.
